Our offices are open Monday-Friday, from
08h00 to 13h00 and from 14h00 to 17h00 (GMT +1)

Tel.: +39 0574 848111

Fax: +39 0574 527574

E-mail: export@loglimassimo.it

Website: www.loglimassimo.it

ORDERS

- Orders will be accepted only if sent by e-mail to **export@loglimassimo.it** or by fax to **+39 0574-527574**.
- A **minimum order amount** of 50,00 € goods value is required. For orders with a lower amount, **3,00 € management cost** will be charged.
- An **order confirmation** to confirm you the receiving of your request, together with the shipment details, will be sent - but it has to be compulsorily checked by your side.
- **Gaskets** are sold in minimum quantity of **10 pieces** (also mixed models), while **profiles** in a minimum quantity of **5 pieces** (also mixed models). Items that require a **minimum quantity** are identified in the price list with the **symbol •**.
- Orders with lower quantities than required can be dispatched, yet with an additional charge for each category of item as follows:
 - 3,00 € for lengths of 2000 mm
 - 4,00 € for lengths of 2200 mm
 - 5,00 € for lengths of 2500 mm
 - 6,00 € for lengths of 3000 mm
 - 15,00 € for lengths longer than 3000 mm

SHIPPING

Available products are dispatched within 48 hours from payment receipt.

In case of completely or partially out of stock goods, any delay will be notified in the shortest time: subject to prior agreement with you, these will be shipped out separately with relative charge of transport costs, where foreseen.

We would like to point out that the shipment **of long packages and / or on pallets** cannot be made by express courier and therefore will be subject to **longer delivery times**.

We invite you to take this into account when ordering, communicating any needs to the sales office

TRANSPORT - Conditions and costs

Deliveries are through our forwarders, and freight costs are always at your charge, to be agreed time by time according to the ordered material; in case you prefer to use your own courier, you are kindly required to specify it when placing orders.

Shipping costs vary according to the length, volume and weight of the goods and will be communicated to you on the order confirmation.

Please note that transport costs are indicative and in case of shipments with more orders they can change depending on the real weight of the material. For that reason, they will be recalculated before the shipment.

The items identified by the ► symbol are shipped with the following packaging:

- Up to 3.00 m, up to 5 units, **single** packaging, loose packages
- Up to 3.00 m, from 6 to 19 units, **single** packaging, on pallets
- Up to 3.00 m, over 19 units, **industrial** packaging, on pallets
- Over 3.00 m, up to 3 units, **single** packaging, loose packages
- Over 3.00 m, from 4 to 19 units, **single** packaging, on pallets
- Over 3.00 m, over 19 units, **industrial** packaging, on pallets

Single packaging: the items identified by the ► symbol will be packaged in loose packages suitable for transport.

Industrial packaging: the items identified with the ► symbol will be grouped on pallets subsequently packed for transport.

The items inside the pallet may not have individual packaging.

For logistical needs of the company, the type of packaging may vary without notice.

We remind you that goods always travels at buyer's risk. At the delivery, before signing the delivery note to the courier, it's highly suggested to count the packages (the courier is required to know the total number), to check their integrity and, if possible, to open them. **In case of anomalies** (damaged / torn / open or missing packages, damaged products, etc.) **indicate it strictly and clearly on the delivery note as a manuscript and signed SPECIFIC reserve, together with the delivery date.**

If you do not have the possibility to check the material or to put the reserve: refuse the material and notify us immediately.

In case of damaged material, and if this has been accepted without declaring the reserve, the refund to the courier cannot be requested: consequently, no refund to you will be possible.

In any case, you are required to check the conformity of the material received. **Any complaint must reach us within 8 working days from the delivery. After this period, no complaint will be accepted.**

BILLING

A single invoice will be issued for each shipment and sent afterwards per email.

RETURNS

You have 8 working days from the delivery date to inform us of your intentions to return the material by sending us a written request by email or fax (on-demand or custom-made articles **excluded**). In case of notification after the required 8 working days from the delivery, within 30 days from the invoice date, 15% of the goods value will be charged with a minimum of 15,00 € for controls costs.

For notifications after 30 days and within 180 days from the invoice date, 50% of the goods value will be charged with a minimum of 15,00 € for controls costs. No returns allowed for purchases over 180 days from the invoice date.

The goods return **has to be first authorized** by our Company thorough specific form before the back shipping of the material, otherwise its delivery will not be accepted. **Once you receive the authorization**, you can proceed with the return of the goods, being sure that the products are **complete, intact and in the original packaging** (check also to make a suitable packaging to avoid damages during transport). The shipment is at your charge and has to be done by your forwarder, whose name has to be previously communicated to us together with the shipment day in order to inform our warehouse staff, otherwise its delivery will not be accepted.

ATTENTION:

- **any product returned incomplete or damaged will not be refunded**
- **the credit will be issued only upon receipt of the product and after verifying its integrity**
- **the value of the returned material can NOT be deducted IN ANY CASE from an invoice before the amount of the credit has been correctly calculated**

PRIVACY GDPR European Privacy Regulation (679/2016)

Customer personal collected data are online held and processed in compliance with legal obligations, and for sending promotional material. Customer have the right to check the existence, the updating, the verification and the cancellation of their collected personal data.

DISCLAIMER

The prices stated in this price list are considered valid from 01/01/2021 to 31/12/2021.

This price list cancels and replaces all previous versions, as well as the pricelists of other brochures to it linked. All the images, texts, graphic, design are the sole property of LOGLI MASSIMO S.p.A.; total or partial reproduction is forbidden without express authorization. All violations will be persecuted by law.

NOTES FOR THE PRICE LIST

To make it easier to consult this price list, it has been organized into 12 sections, like the general catalogue. Many codes have a final number identifying the finish, as in the chart below:

TABLE OF PREVALENT METAL FINISHES

/8	BRUSHED STEEL	/92	MATT NICKEL
/9	MACHINED STEEL (CNC)	/95	NICKEL-PLATED
/15	POLISHED STEEL	/2	GOLD
/10	RAW-FINISH ALUMINIUM	/22	PVD GOLD
/88	BRUSHED STEEL EFFECT ALUMINIUM	/99	BRUSHED GOLD
/90	MACHINED ALUMINIUM	/93	BRASS-PLATED
/91	POLISHED ALUMINIUM	/4	BRONZE
/97	MATT ALUMINIUM/ANODISED ALUMINIUM	/5	WHITE
/RAL	RAL 9010 POLISHED ALUMINIUM	/6	BLACK
/R2	RAL 9005 MATT ALUMINIUM	/45	MATT EFFECT ALUMINIUM
/1	CHROME	/56	GREY
/7	MATT CHROME	/65	MATT BLACK
/94	BRUSHED CHROME	/83	BRUSHED STEEL PVD
/3 or /24	BRUSHED/STAINLESS STEEL EFFECT NICKEL	/89	GALVANISED IRON

Art. 1 – Subject

1.1 Unless otherwise agreed between the parties, the following general sales conditions apply to all the agreements between the company Logli Massimo S.p.A. (hereafter shortly “LM” and/or the “Supplier”) and each customer (hereafter shortly “Customers” and individually, “Customer”) concerning the supply of products manufactured and/or put on the market from Logli Massimo S.p.A. (hereafter shortly “Goods”), unless otherwise agreed in writing between the parties.

1.2 Therefore, supply conditions in derogation from these General Terms will have no effectiveness, if not resulting from expressed written agreement, subscribed between the parties.

Art. 2 - Supply orders and conclusion of the Agreement

2.1 Catalogues, technical and promotional information sent by the Supplier and/or by sales managers to Customers do not represent any contractual offer.

2.2 The order of the Customer will be considered sent to the Supplier when it is received from the Commercial office by fax, e-mail, postal service, and/or courier.

2.3 In accordance with these Sales conditions, the supply agreement is deemed to be concluded when LM, after receiving the order from the properly subscribed customer, will give him confirmation through the dispatch of the specific document (Order Confirmation, hereafter shortly “OC”) and/ or through the execution of the supply. Only the customer orders that have been sent and confirmed in writing by LM in accordance with the procedure in 2.3 above, will be valid and binding for LM.

2.4 Any eventual Customer request for order modification must be received before the order confirmation by LM and/or by sending the LM OC.

Art. 3 - Prices

3.1 Unless otherwise agreed between the parties, supply prices are valid for goods delivered ex works and they not include the costs associated with insurance, transport, nor other performances and accessory charges.

3.2 The prices are to be considered as not including VAT, taxes, or duties of whatever type which may apply to the contract.

3.3 Unless otherwise agreed between the parties, prices are related to Logli Massimo S.p.A. price list in force at the time of ordering.

Art. 4 – Technical features of products

4.1 Technical features of supplied products are in compliance with those specified in LM catalogues which are available on website www.loglimassimo.it.

4.2 At any time and without prior notification, LM reserves the right to make changes to products that are necessary for production, normative reason etc. informing its Customers.

4.3 It is understood that any changes that LM considers necessary to make to the products will not obliged to modify and/or replace the Products sent to the Customer and/or in the course of shipping.

Art. 5 – Terms and methods of delivery

5.1 Unless otherwise provided in written agreement between the parties, delivery terms are to be considered indicative and not essential.

5.2 Unless otherwise provided in written agreement, for the purpose of ascertaining compliance with delivery periods and the possible transfer of risk to the customer, the delivery shall be deemed fulfilled when the Goods are made available to the customer at LM factory.

5.3 Under no circumstance the failure to comply with delivery terms authorizes the Customer to cancel the order, change the payment terms, make any kind of compensation with receivables towards the Supplier and / or apply penalties. The penalties must be expressly agreed in writing between the parties.

5.4 LM will in any case be released from any responsibility for delays in delivery in the following cases:

- in case of delivery to the factory, site and/or construction site of the Customer expressly agreed in writing between the parties, if the necessary indications to organize the delivery have not been received by LM in accordance with the methods and terms required;

- in case of force majeure or other serious and unpredictable events

similar to force majeure, such as: strikes, boycotts, lockouts, epidemics, wars, revolutions, riots, fires, floods, earthquakes and other natural disasters, interruptions or delays in transport, trade sanctions, interruption of energy, delays in deliveries of raw materials and/or any other reason that causes a partial or total block of production.

5.5 If, for any reason not attributable to LM, the delivery of Goods can not take place on the agreed date, the delivery is understood to be carried out for all purposes (including the transfer of risk to the Customer) communicating to the Customer that the goods are ready. If the period of stay of Goods exceeds 5 (five) calendar days, LM reserves the right to charge the Customer the storage costs, determined in € 150.00 (one hundred and fifty / 00) for each day of delay starting from the first day of storage.

5.6 The standard packaging of Goods, suitable to ensure their integrity during transport and unloading and storage under normal conditions, are included in the price. Any special packaging must, however, be preliminarily agreed in writing and the related costs will be invoiced to the Customer.

5.7 If the packages are to be returned, the transport cost (from the Customer to LM), will be charged to the Customer, unless otherwise agreed in writing between the parties.

Art. 6 – Product Warranty

6.1 Unless otherwise agreed in written agreement between the Parties, the Seller ensures conformity of the Products with their specifics for 12 (twelve) months from delivery time. It is understood that it is up to the Customer to verify that the Goods supplied allow the use in accordance with their needs and expectations, also taking into account the other components used.

6.2 Any claim for apparent defect of the Products must be contested by the Customer upon delivery and be reported in writing to LM immediately, under penalty of expiration, no later than 8 (eight) calendar days from the date of delivery. By apparent defect must be understood any visibly identifiable defect at the time of receipt of the Goods, including any claims related to the packaging and to differences in the quantity and / or quality of the delivered Goods. In cases of complaint, to facilitate the control of the delivered Goods, these must be made available to LM, in the persons of its representatives and / or officers.

6.3 Any complaint different from the ones considered at paragraph 6.2 concerning faults and / or malfunctions, must be immediately reported by the Customer, in writing, to LM and under penalty of expiration, within 10 (ten) calendar days from the identification, in order to allow their verification if the parties don't agree, and, where necessary, in the workshop indicated by LM.

6.4 If the responsibility of the manufacturer is ascertained, LM undertakes to carry out all the necessary activities for the restoration of conformity of the Goods, by repairing and eliminating faults and / or defects, providing, where necessary, to replace them. In this case, the relative transport costs will be paid by LM. The compensation of any further direct or indirect damages suffered by the customer is expressly excluded.

6.5 Any warranty and therefore any responsibility of LM is excluded in the event of:

- a) fraud, improper use, negligence and/or incompetence on the part of the Customer, of the final recipient of the Goods and / or of the person in charge of the installation or use of the same;

- b) use of the Goods on materials and / or for applications different from those recommended, imperfect installation and / or different from the provisions of the Goods specifications;

- c) acceptance tests carried out under conditions of inaccessibility or unsuitability to the Product test.

- d) wrong and / or absent execution of the periodic maintenance operations related to the type of material of the items purchased for common use.

To this purpose the customer and / or the final recipient of the Good are required to comply with and follow the instructions for maintenance and the correct use of the Goods, together with other technical provisions provided by LM (e.g.: frequent cleaning with hot water and non-aggressive products, periodic checking from deterioration etc.) The maintenance instructions generally do not apply to all items. In case of doubt, please contact LM.

6.6 The warranty is also excluded if the lack of functionality of the Goods is attributed to such conditions:

- a) operating conditions that exceed the limits of the correct functioning of the Good;
- b) deterioration of finishes due to incorrect handling, installation or maintenance;
- c) normal wear of the Good during the application (e.g. gaskets, chrome etc.);
- d) lack of maintenance of the Good and / or lack of replace the materials subject to wear.

6.7 LM declines any responsibility in case of lack of intervention due to force majeure, including: strikes, boycotts, lockouts, epidemics, wars, revolutions, riots, fires, floods, earthquakes or natural disasters, trade sanctions, interruption of energy or other reasons attributable to the Customer or the final recipient.

Art. 7 – Terms and methods of payment

7.1 Unless otherwise agreed in writing between the parties, the Invoice payment of the Customer related to the Product supply must be made, in favor of the Supplier, according to the procedures agreed between the sales manager and approved by the Administration during the Customer registration.

7.2 In case of delay in payments the Customer will be obliged to pay LM an interest on arrears equal to the interest rate of the European Central Bank increased by 7 percentage points, as defined by Art. 5 of Legislative Decree 231/2002.

7.3 In case of any disagreements and / or disputes of any kind, the Customer can't suspend or delay the payment of the Goods, object of the claim or of the dispute, nor to delay the payment of any further credits claimed by LM, or to operate no compensation.

7.4 If LM has reason to believe that the Customer, due to changes in its legal or financial situation, can not or does not intend to fulfill its payment obligation on the agreed time, reserves the right at any time, even in case of partial execution of the supply, to suspend deliveries, subordinating their continuation and / or balance to the issue of suitable guarantees of payment by the Customer (e.g. bank guarantee).

Art. 8 – Customer's obligation in relation to export controls and financial penalties

The Customer is obliged not to make any transaction concerning Goods that violates the regulations in force in the United States and / or European Union regarding export controls and financial sanctions. In particular, it undertakes not proceed with resale, export or transfer of the Goods to natural or legal persons subjected to the aforementioned regulation and guarantees that the Goods will not be used, neither directly nor indirectly in military, nuclear, petroleum or petrochemical industry. In cases of possible violations from the Customer of one or more of the aforementioned obligations, LM may consider terminated the contract, as defined by Art. 1456 in the Civil Code.

Art. 9 – Confidentiality

The Customer undertakes to process all information, news, know-how, intellectual property rights and other industrial secrets related to the execution of supply orders with strict confidentiality and not to transfer, use, reproduce, disclose or make however available or accessible to third parties, information, documents, drawings, drafts, models, samples, and other materials without the express written authorization of LM.

Information on the processing of personal data

As defined by Art. 13 of EU Regulation 679/2016 (hereafter GDPR) the Customer acknowledges and accepts what follows:

The commercial relationships with the Supplier will involve the processing of Customer Personal Data in compliance with the following general principles:

- i) all Personal Data will be processed in a lawful, correct and transparent way towards the interested party, in compliance with the general principles established by Art. 5 of the GDPR; ii) specific security measures will be observed to prevent data

loss, illicit or incorrect use and unauthorized access;

The Supplier assumes the title of the Data Processor treated.

The Customer's Personal Data will be the Customer Identification Data

(name, surname, registered company name, personal / fiscal data, address,

telephone, e-mail, bank and payment details) acquired and used into the sphere of the services provided by the Owner and therefore necessary for the execution of contractual relationship between the Customer and the Supplier. Personal Data will be processed by means of operations indicated in the Article 4 n.2) GDPR and precisely: collection, registration, organization, storage, consultation, processing, modification, selection, extraction, comparison, use, interconnection, blocking, communication, cancellation and destruction of data.

The Customer's Personal Data will be processed either on paper or electronically (computerized or telematics) and / or automated and saved in a paper archive and in a dedicated server located in Europe.

The Owner will process personal data for the time necessary to fulfill the purposes for which it was collected and related legal obligations.

The Owner of the treatment is a legal entity belonging to a group of companies (the Saint-Gobain group, hereafter also "the Group"), in case the Owner intends to transfer his data to entities belonging to the Group, this will happen in compliance with the provisions of Art. 47 of EU Regulation 679/2016 ("Binding Corporate Rules").

CONTACT DATA OF DATA PROTECTION MANAGER

Data Protection Officer ("DPO") of Saint-Gobain Group for Italy and Greece
Via Ettore Romagnoli, n. 6

I – 20146 Milan

Mail : Privacy.Loglimassimo@saint-gobain.com

Art. 10 – Applicable law

All contracts between the Supplier and the Customer concerning the supply of Goods, in accordance with these General Sales Conditions are subject to the Italian rules.

Art. 11 – Competent court

Any disagreement arising from the application, execution, interpretation and / or resolution of each contract concerning the supply of Goods in accordance with these General Sales Conditions will be devolved to the exclusive jurisdiction of the Court of Milan.

Art. 12 – Final clause

12.1 The invalidity of one of the clauses of these General Sales Condition does not compromise the application of the other clauses that will maintain, therefore, their validity and effectiveness.

12.2 Eventual tolerance

Possible tolerances by the Supplier to behaviors that violate any of the clauses of these General Conditions of Supply, does not imply, in any case, the renunciation to use this clause, as of any other included in the same clauses.
